

How To Divert To Another Number

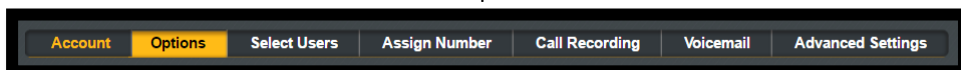

Whilst on the Dashboard, hover over Call Groups and click on Hunt Group.

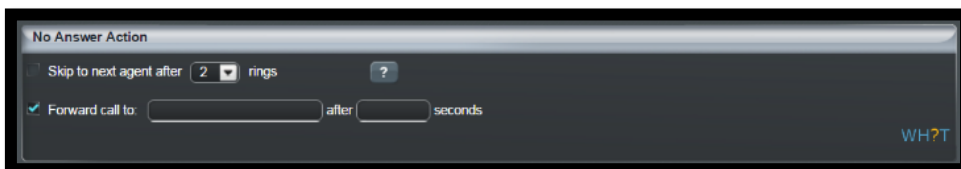

Now, click the **Edit** button of the specific Hunt Group you want to set your divert to.

Click the Options tab.

Under the No Answer Action tab, make sure the 'Forward call to' box is ticked and enter the number you want the call to be diverted to and then also enter the number of seconds you want the Hunt Group to be called before it gets diverted to that number.

Remember to click the Save button.
